CENTRAL BODY SPLITS AGAIN

Lively Times At Labor Meeting Last Night.

John Young Unseated As A Delegate.

Followers Gather About Him and All Leave Hall.

RIOT IS NARROWLY AVERTED.

A bomb of discussion and disorder exploded in the hall last night, when, at a meeting of the United Trades and Labor Assembly, an effort was made to oust John Young and Charles Peetz and their followers as delegates. When the smoke cleared away, about half of the unions represented in the organization, with John Young at their head, had become disorganized and were in the hall. John Young announced that a meeting of the unionists would be held some time Friday night and an opposition delegation organized.

The climax in the struggle for supremacy was reached last night when, after a mass of routine business had occupied the attention of the assembly, a motion was made that John Young and Charles Peetz and their followers be unseated as delegates. The motion was carried by a vote of 100 to 50. The motion was carried by a vote of 100 to 50. The motion was carried by a vote of 100 to 50.

Pandemonium in Break Loose.

Every laboring man in the hall claimed to be a delegate. The hall was filled with a mass of people, many of whom were not delegates. The hall was filled with a mass of people, many of whom were not delegates. The hall was filled with a mass of people, many of whom were not delegates.

Young's Followers Unseated.

Mr. Young then turned to the delegates and made a brief speech. He said that he was a delegate and that he was a delegate. He said that he was a delegate and that he was a delegate. He said that he was a delegate and that he was a delegate.

Justice to myself and the organization, I feel that I must leave this place before the body is dissolved. I would be glad to wish my friends and colleagues good night.

This was concluded by a countercharge which Mr. Young hurled at President Reckonwald when he said that he was a delegate and that he was a delegate. He said that he was a delegate and that he was a delegate.

Mr. Young walked back among his followers, disorder again broke out. There was a hubbub of voices and a hubbub of voices. There was a hubbub of voices and a hubbub of voices.

Some tried to end the reading section, but they were unsuccessful. Some tried to end the reading section, but they were unsuccessful. Some tried to end the reading section, but they were unsuccessful.

Finally a delegate from one of the seceding unions succeeded in getting recognition and in a voice loud enough to be heard above the uproar, shouted out his approval of the election. He said that he was a delegate and that he was a delegate.

READY FOR TEST

Wright Brothers' Aeroplane To Fly Thursday.

PRESIDENT TAFT TO WITNESS THE GREAT FEAT.

MUST MAKE SPEED FORTY MILES PER HOUR.

PRESENT NOVEL CONDITIONS.

Washington, June 22.—The propellers were set in place on the Wright aeroplane at Fort Myer to-day. With the exception of the motor, the machine is practically ready for a flight.

To-morrow the two brother aviators will install the motor. It will probably be impossible for Orville Wright to make a flight before Thursday or Friday, unless the motor should be found to require little "tuning up."

Despite the short time remaining the Wrights are not hastening matters unduly. In order to insure a clear flight, the two brothers are waiting until the machine is in perfect condition.

President Taft To Attend.

Thousands of persons are expected to attend the flight, and it is probable that President Taft will be present.

Will Meet New Conditions.

Despite the marvelous records that have been established by the Wright brothers, the machine will be compelled to meet certain conditions that are wholly new.

Must Make Forty Miles An Hour.

Orville Wright, who has elected to complete the tests he began last fall, must fly a measured course of five miles in a straight line, and return to the starting point in less than ten minutes.

MERCHANTS'

Louisville Retail Merchants' Association In Their Annual Picnic at Hikes' Point.

Financial and Commercial

MONETARY.

Take Day Off and Frolic Like Boys.

OUTING AT HIKE'S POINT PROVES GREAT SUCCESS.

ALL SORTS OF CONTESTS ARE PULLED OFF.

DIFFICULT FEATS PERFORMED

Eating soup with a fork is comparatively easy after one has balanced a nut on a knife. The crowd, however, who came and then deposited them in a picnic basket, found it a different matter. The relative merits of these performances, as well as the relative merits of the picnic itself, are being discussed in the morning. The picnic of the Louisville Retail Merchants' Association at Hikes' Point yesterday was one of the most successful of the season. The picnic was held at Hikes' Point, a beautiful spot on the Ohio river, and was attended by a large number of the members of the association and their families. The picnic was a great success, and the members of the association were very much pleased with the results. Dignity Left Behind.

All dignified, serious business manners were left behind in the store and office when they went out to Hikes' Point. Each man and woman, and every child, was to get it by acting a bit "foolish." The picnic was a great success, and the members of the association were very much pleased with the results. Ball Game Called.

The ball game was called at 11 o'clock, and although it lasted two hours, nobody could discover why the crowd, who came and then deposited them in a picnic basket, found it a different matter. The picnic was a great success, and the members of the association were very much pleased with the results. Muscles Tied In Kinks.

It didn't matter much to the players who won, for they got their muscles tied in kinks and aches. COMPETITIVE DRILLS

TO BE FEATURE AT BENEFIT PICNIC JULY 3.

Clay Lodge Hopes To Raise Next Sum For Anti-Tuberculosis Association.

It will take some pretty good drilling to make Louisville people sit up and pay much attention these days, because it hasn't been long since the Shrivers were here. Shrivers and crack drill teams are almost synonymous as a result of their visit, and comparison of local organizations with the teams from the various cities represented here then will be as follows: At Fontaine Perry a week from next Saturday, as one of the features of the program for the anti-tuberculosis benefit at the city park, will be a display of competitive drills from various fraternal organizations.

This part of the celebration has been put in the hands of a special committee and is already developing interesting possibilities. The dramatic organization of the Uniform Rank, Knights of Pythias, will also be seen. It is likely also that some other crack drill teams will appear on that day.

The fourth of July is usually enough of a day to stand on its own bottom as an observance of it is concerned; but the fact that this year the Fourth is on Sunday, and the further consideration that much sorrow among the rising generation has been caused by the loss of the part of the makers of the calendar have resulted in the determination to make the celebration at Fontaine Perry July 4 have very much the aspect of a national Independence day.

The display of fireworks in the evening promises to be the chief feature along that line, and other events having to do with the day are being arranged by those in charge.

Mr. V. V. Loving, president of the Louisville Trust Company, and a member of the Louisville Trust Company, who are arranging the benefit, has been made chairman of the general committee. The advance sale of tickets for the benefit is being large enough to surpass the expectations of the promoters, and the breaking crowd is expected to turn out. The chance for a great time and an opportunity to help the association against the tubercle is a great one.

HISSE BLOWS

After a Silence of Four Long Months.

OHIO FALLS IRONWORKS RESUMES OPERATIONS.

MONON COMPANY BEGINS MOVING ITS TRACKS.

SEEK DIVISION OF PROPERTY.

After a silence of four months, the whistle of the Ohio Falls Iron Works at New Albany sounded yesterday morning at 1 and 5 o'clock, summoning the men to work. For many years this custom was observed and all the clocks in that portion of the city were set to the time of the different whistles until a few months ago, when some of the new residents objected to the annoyance of their sounding in the early morning hours, and the officials of the mill issued orders for their discontinuance. So much complaint has been made by the residents of the West End that a return to the custom of sounding the whistles was halted with delight by the families that had depended upon them.

The mill has been operated only to fill orders during the last few years, the men frequently working but a few days in the month, seldom making more than half time. An order that will keep them steadily engaged for ten days was issued yesterday, and it is hoped that others will come in, giving the men employment for at least three months. With brightening prospects in the iron trade all over the country it is hoped the mills can be kept in steady operation in the future.

Holds Interesting Session.

An interesting session was held at Jennie DePauw Memorial M. E. church, New Albany, last night, being the opening of the district convention of the Indiana M. E. conference. The Rev. W. M. Whitsett, pastor of the church, presided, and the Rev. A. H. Bosch, pastor of Centenary M. E. church, preaching the opening prayer. The session was held at 8 o'clock, and a large number of delegates were present. The Rev. W. M. Whitsett, pastor of the church, presided, and the Rev. A. H. Bosch, pastor of Centenary M. Moving Its Tracks.

The Monon Railway Company began the work of moving its tracks on Fifth street, New Albany, yesterday to make room for the new tracks of the Indianapolis and New Albany Railroad. But little change is required at Beeler street, as the track is already nearly in its new position. The work of moving the tracks began there and will proceed southward. When Spring street is reached it will be necessary to move them two and one-half feet. The contractor, Michael J. Duran, has graded Fifth street from Main to Spring, and the concrete and brick will follow, although the work will be slightly delayed by the removal of the Monon tracks.

LOOKS FORWARD

To Day When Clark Lodge May Build Home

PROVIDED FOR IN WILL OF JAMES A. HOLT.

OLD CIRCUIS MAN DIES AT THE HOME OF BROTHER.

CONVICT TO BE RETURNED.

It is claimed by Capt. Lewis C. Baird, of Jeffersonville, a past master of Clark Lodge, No. 40, Free and Accepted Masons, that the talk of some of the members regarding the will of James A. Holt has led to a wrong impression becoming current in the minds of the general public. The finding of the Kentucky Court of Appeals in a suit to break the will, but which was against such action, a few days ago, has caused the present interest to be manifested. Under the will at the end of ten years after the death of Holt the funds that have accumulated are to be used for the purpose of building a home for the orphans of Masons. The belief was gained by many that the lodge had no great desire to assume the trust, but Capt. Baird says that the impression was wrong in the main, although there has been considerable discussion of the matter, and that to the contrary the lodge, as an organization, looks forward with joy to the building of the home. He says that the lodge has no great desire to assume the trust, but Capt. Baird says that the impression was wrong in the main, although there has been considerable discussion of the matter, and that to the contrary the lodge, as an organization, looks forward with joy to the building of the home.

—Mrs. John S. McDonald entertained at 501 at 10 o'clock, Monday evening, for her guest, Mrs. Thomas L. Jones, of Little Rock, Ark. There were present: Mesdames James C. Cook, Charles P. Cook, Annie R. Glover, N. B. Bullen, Eugene E. Knight, J. B. Wade, Joseph V. Reed, John W. MacMillan, George W. MacMillan, Misses Ella Jones, Helen McDonald and Kathleen Kimball, Seattle, Wash.

—Simon Epstein, Samuel H. Epstein and Nettie Epstein, children of the late Simon Epstein, formerly of New Albany, have filed articles of incorporation with the Secretary of State at Indianapolis with a capital stock of \$750, to lay and build a large structure to house them and their families. The Epstein Company is the name of the corporation and will be located at Fort Wayne, Ind., where the family has lived since leaving New Albany.

—The following transfers of property were filed recently in the office of the County Recorder, Margaret Korb's heirs to Mary French, lot 15 Spring street; Mary French to Daniel Hippie, same property; Sarah E.
